How Stressed Heart Became a Musician

Not a sad-fic

In the year 1999, a filly was born to Nurse RedHeart and Doctor Whooves. She had been an accident, conceived of lust and love, at first they wanted to abort it but when they saw the first ultrasound, they fell in love with their foal. Nine months later, a filly with a brown coat and pink mane was born, they named her Stressed Heart (after her mother Nurse RedHeart). As she grew older she started to make friends (like Rainbow Twister). Like Stressed Heart, she was also a mistake, but again the parents loved them) (i will be posting Nurse Red Heart's and Rainbow Dash's reactions to each other being pregnant with Doctor Whooves's Foals) They was often bullied for the tie, they always wore around their neck. The tie was a gift from their father. Soon she was tired and fed up with being bullied so she began to play music as a way to get rid of the pain. She became a prodigy just because some kids bullied her. Her cutiemark resembles the time she had to deal with the stress and the tension of being put aside for her love of music.
